**DETAILED ACTION**

***Response to Amendment***

1. This action is in response to the communication filed on 7/10/06.
2. Claims 12-13 have been cancelled in this amendment.
3. Claims 1-11 and 14-27 are pending in this action.
4. Claims 1-11 and 14-27 are allowed.

***Allowable Subject Matter***

Claims 1-11 and 14-27 are allowed.

The following is an examiner's statement of reasons for allowance:

**As per claims 1-11 and 14-27:** the claims are directed a mobile gateway interface, comprising multiple servers, for providing location based transaction service to a remote device (i., e., a user). The prior art of record does not teach or fairly suggest a front end-voice server for voice authorization and a data server for password authorization, of the user or the remote device, both (the servers) of which are connected to a transaction server, which in turn interfaces the user (or the remote device) with one or more remote resources related to a technician associated with the user or the remote device, as recited particularly in claims 1, 11, 16 and 23, and further argued by applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
